She currently serves on the Council of the American Society for Surgery of the Hand as well as the Ethics and Professionalism and Government Affairs committees. She was a member of the AAOS Occupational Health committee for several years and currently serves on the Patient Safety Committee. She is an active member of MAG and serves as a District Coordinator for the Medical Reserve Corps. She is chair of the Community Council for MercyCare Atlanta. She is very involved in political advocacy for surgeons at all levels.

**HOWARD A. MCMAHAN M.D.**  
Major General Ret. USAF

Maj. Gen. (USAF ret) Howard A. McMahan, M.D. has faithfully and dutifully served the patients of Georgia since completing his residency in orthopaedic surgery in 1985. Many orthopaedic surgeons trained in the Atlanta Medical Center (formerly Georgia Baptist Medical Center) system benefited from Dr. McMahan's wisdom, guidance and friendship. He has served as Assistant Program Director from 1988 to 1994 and as Department Chairman from 1999 to 2000. He is a superb role model, mentor and friend to all who have worked with him.

What many do not realize is that Dr. McMahan had a parallel life serving his country as a US Air Force orthopaedic surgeon. He served the nation in various roles in the Air Force, and he was eventually promoted to Major General (two stars) recognizing his superior leadership and capabilities. Dr. McMahan was the highest ranking orthopaedic surgeon in the armed forces of the United States.

Dr. McMahan continues to work at Resurgens Orthopaedics at the Midtown office where he continues to educate the orthopaedic surgery residents at Atlanta Medical Center.
