Eric Stiefel, M.D.

Resident Program Representative

Clifton Meals, M.D.

Member at Large

Mason Florence, M.D.

Executive Director

Liz Neary

Executive Director Assistant

Sarah Moran

Dear Members and Colleagues,

It's early September. It's been close to 100 degree F in the great state of Georgia for the past several weeks. I would be remiss if I opened this update letter with the usual phrase "Fall is in the air." Nonetheless, this is an amazing time of year for our state: school has started, dove season has opened, football season is underway and baseball season is nearing its final stretch. With the Dawgs topping the AP poll and the Braves 5 games in front, it's hard not to be excited! Most importantly, the best state orthopedic society meeting in the country is just around the corner. With over 164 member registrations and 44 vendor registrations, we are on pace for record attendance for the 2023 GOS Annual Meeting. Below are some highlights:

- **Thursday September 28th at 6:00pm:** Welcome Reception Cocktail Party on the Black Banks Terrace at the Cloister. Come mingle with Lieutenant Governor Burt Jones. Children are welcome.
- **Friday September 29th 7:30am to 1pm:** Friday Academic Session
- **Friday September 29th at 1:20pm:** The GOS Wendel Duncan Golf Classic (Shotgun start on the Plantation Course)
- **Friday September 29th at 7:00pm:** 77th Anniversary GOS Dinner Dance. Come enjoy dinner with your family and friends and finish the night on the dance floor with Color

The Night band. Pre-registration is required.

- **Saturday September 30th 7:30am to 1pm:** Saturday Academic Session
- **Saturday September 30th 6:00pm:** Cocktail Reception at Beach Club Patio. Children welcome.

In addition to his duties for Thursday's GSSH meeting, our Program Chair,

Dr. Walter McClelland has done an amazing job organizing the academic meeting agenda. Dr. Michael Bolognesi, the 2023 Presidential Guest Speaker, brings a wealth of knowledge regarding hip and knee arthroplasty and value based care models as it relates to all realms of musculoskeletal care. The agenda is packed with great symposia including the Whitesides Resident Research Competition, Member Abstract Presentations, Surgical Technique Sessions and Society Updates. With over 7 hours of CME available, there is wonderful content for all subspecialties.

My time on the GOS board has truly been a highlight of my career in medicine. The foundation of GOS is rooted in education, advocacy and relationships. Over the past six years, I have been blessed to work with a group of dedicated, engaged and doggedly persistent board members. They have dedicated their "free time" to solving problems and advocating for our membership.

In addition to the considerable work associated with full time practice, the Board spends countless hours serving at the state and national level so we can serve our patients better. From Certificate of

Continued on Page 2

Continued from Page 1

Need legislation to scope of practice issues, these volunteers work tirelessly to protect our practice environment and our patients. For this, I will always be grateful!

Sincerely,

Thomas L. Bradbury, M.D.
GOS President

2023 CANDIDATES FOR MEMBERSHIP

Jonathan J. Callegari, DO, Waycross

Franky B. Davis, MD, Colquitt

Chase Dean, MD, Braselton

PROGRAM AGENDA

GEORGIA ORTHOPAEDIC SOCIETY 77TH ANNUAL MEETING

FRIDAY, SEPTEMBER 29, 2023

SESSION I

Welcome

Thomas L. Bradbury, M.D.

7:30 AM GOS President, Cumming

THOMAS E. WHITESIDES, M.D. RESIDENT AWARD

Presenter: *Kelly Homlar, M.D., Augusta*

7:40 AM **Third Place: Two-Year Outcomes and Graft Failure Rate Following Primary Anterior Cruciate Ligament Reconstruction Using All Soft Tissue Quadriceps Autograft in the Pediatric Athlete: A Retrospective Cohort Study of 540 Cases**
Amalie Nash, M.D., Emory University Department of Orthopaedics

7:48 AM **Second Place: Extended Oral Antibiotic Prophylaxis: Defining its Role in All-Comers Undergoing Primary and Aseptic Revision Total Joint Arthroplasty**
Kyle E. Bundschuh, M.D., Emory University Department of Orthopaedics

7:56 AM **First Place: Methylprednisolone Taper is an Effective Addition to Multimodal Pain Regimens after Total Shoulder Arthroplasty: Results of a Randomized Controlled Trial**
Zaamin B. Hussain, M.D. MEd, Emory University Department of Orthopaedics

8:04 AM **DISCUSSION/Q&A: Resident Award – Dr. Whitesides Research Presentation**
Moderator: Kelly Homlar, M.D., Augusta

8:10 AM **Comparing Traditional Outpatient Physical Therapy to Virtual Physical Therapy After Same-Day Discharge Total Knee Arthroplasty**
Brandon Naylor, DO., Cumming

8:20 AM **Osseointegration for Improving Function of Amputees**
Sherwin Oskouei, M.D., Atlanta

8:30 AM **Clinical Applications for Additive Manufacturing**
Rishin Kadakia, M.D., Atlanta

8:40 AM **DISCUSSION/Q&A**
Moderator: Kelly Homlar, M.D., Augusta

8:50 AM **EXHIBITOR BREAK**

SESSION II SYMPOSIUM #1 – TOTAL JOINT ARTHROPLASTY

9:10 AM **Functional Acetabular Component Positioning: Redefining the “Safe Zone”**
Ajay Premkumar, M.D., Atlanta

9:20 AM **Operative Efficiency in Joint Arthroplasty: Squeeze the Lemon!**
Charles DeCook, M.D., Cumming

9:30 AM **Prophylactic Oral Antibiotics after Primary Arthroplasty: An Ounce of Prevention**
George N. Guild, M.D., Atlanta

9:40 AM **Kinematic TKA Alignment: What is it and how to do it.**
Jeremy Statton, M.D., Cumming

FRIDAY, SEPTEMBER 29, 2023, CONTINUED

9:50 AM **PRESIDENTIAL GUEST SPEAKER:**
Evolution of THA: The Good, the Bad, and.....the Ugly!
Michael P. Bolognesi, M.D., Durham, NC

10:10 AM **DISCUSSION/Q&A**
Moderator: *Thomas L. Bradbury, M.D. GOS President, Cumming*

HOW I DO IT: SURGICAL TECHNIQUE SESSION I

10:20 AM **How I Do It: Tommy John Reconstruction**
Cliff Willimon, M.D., Atlanta

10:30 AM **How I Do It: Transosseous Rotator Cuff Repair**
Nick Capito, M.D., Augusta

10:40 AM **How I Do It: Pressfit Total Knee Arthroplasty**
Michael P. Bolognesi, Durham, NC

10:50 AM **DISCUSSION/Q&A**
Moderator: *George Guild, M.D., Atlanta*

11:00 AM **EXHIBITOR BREAK**

SESSION III

11:20 AM **GOS Foundation Update**
Stephen. M. McCollam, M.D., Atlanta
GOSF President

11:30 AM **GSSH GUEST SPEAKER LECTURE:**
Leadership Skill Development Throughout Your Career
Peter Waters, M.D., Charlotte, NC

11:50 AM **Pros and Cons of CON Reform**
Senator Kay Kirkpatrick, M.D., Atlanta

12:10 AM **DISCUSSION/Q&A**
Christopher J. Walsh, M.D., Fayetteville

12:20 PM **GOS BUSINESS MEETING**
Walter B. McClelland, Jr., M.D., Atlanta
GOS Sec-Treasurer/GOS Program Chair

12:30 PM **Guided Poster Presentation with Authors and Q&A**
Walter B. McClelland, Jr., M.D., Atlanta
GOS Sec-Treasurer/GOS Program Chair

1:00 PM **ADJOURN**

SATURDAY, SEPTEMBER 30, 2023

ANNOUNCEMENTS

7:30 AM *Walter B. McClelland, Jr., M.D., Atlanta*
GOS Sec-Treasurer/GOS Program Chair

SESSION I

7:40 AM **Forced Lordosis in the Lateral Decubitus Position for Surgical Sagittal Reconstruction: A Radiographic Study**
D. Hal Silcox, III., M.D., Atlanta

7:50 AM **Locked Intramedullary Nailing Provides Superior Functional Outcomes and Lower Complication Rates than Plate Fixation of Distal Fibula Fractures: A Systematic Review and Meta-analysis of Comparative Studies**
Karim Mahmoud, M.D., Atlanta

8:00 AM **Multicenter Outcomes After Primary Hip Arthroscopy: A Comparative Analysis of Two-Year Outcomes After Labral Repair, Segmental Labral Reconstruction, or Circumferential Labral Reconstruction**
Dominic S. Carreira, M.D., Atlanta

8:10 AM **Discussion/Q&A**
Cliff Willimon, M.D., Atlanta

SYMPOSIUM #2 - ORTHOPAEDIC PAIN MANAGEMENT

8:20 AM **Complications of Peripheral Nerve Blocks**
Mark Hamilton, M.D., Tampa, FL

8:30 AM **The Role of Cannabinoids in Orthopaedic Pain Management**
Dominic S. Carreira, M.D., Atlanta

8:40 AM **Alternative Pain Modalities That You May Not Know About**
Keith Raziano, M.D., Atlanta

9:00 AM **DISCUSSION/Q&A**
Brad Bushnell, M.D. MBA, Rome

9:10 AM **EXHIBITOR BREAK**

SESSION II

9:30 AM **PRESIDENTIAL GUEST SPEAKER:
Value Based Care 2023: What works, What doesn't.**
Michael P. Bolognesi, M.D., Durham, NC

9:50 AM **DISCUSSION/Q&A**
Thomas L. Bradbury, M.D. GOS President, Cumming

10:00 AM **Strategies for Staying Out of Court and Winning When You Get There**
Daniel J. Huff, JD., Atlanta

GOSF President

HOW I DO IT: SURGICAL TECHNIQUE SESSION II

10:30 AM **How I Do It: TKA DAIR**
Brandon Naylor, M.D., Cumming

SATURDAY, SEPTEMBER 30, 2023, CONTINUED

10:40 AM **How I Do It: Minimally Invasive Lumbar Decompression**
D. Hal Silcox, III., M.D., Atlanta

10:50 AM **How I Do It: Quad Tendon ACL Reconstruction**
John W. Xerogeanes, M.D., Atlanta

11:00 AM **EXHIBITOR BREAK**

SESSION III SOCIETY UPDATE SYMPOSIUM

11:20 AM **AAOS Update**
Danny Guy, M.D., LaGrange

11:40 PM **PATHOLOGY QUIZ REVIEW and 2023 WINNER**
Don Beringer, M.D., Atlanta

12:00 PM **MAG and GOS PAC update**
Don Bolia, GOS Lobbyist & Jeremy Bonfini, MAG CEO

12:15 PM **GOS BUSINESS MEETING**
Walter B. McClelland, Jr., M.D., Atlanta
GOS Sec-Treasurer/GOS Program Chair

12:30 PM **Guided Poster Presentation with Authors and Q&A**
Thomas L. Bradbury, M.D. GOS President, Cumming

1:00 PM **ADJOURN**

THE GEORGIA ORTHOPAEDIC SOCIETY WOULD LIKE TO THANK THE FOLLOWING COMPANIES FOR THEIR SUPPORT OF THE 2023 ANNUAL MEETING

DIAMOND LEVEL

MAGMUTUAL

For nearly four decades, MagMutual has been a leading provider of medical professional liability insurance. Today, we deliver comprehensive coverage for the practice, business and regulation of medicine to more than 30,000 healthcare providers and organizations nationwide. Our focus on innovation enables us to provide exceptional service, extensive support and financial benefits that result in improved outcomes and stronger PolicyOwners™.

PLATUNUM LEVEL

United Orthopedics

United Orthopedics, LLC has been representing Arthrex throughout Georgia since 2017. The agency hosts medical education courses for surgeons and health care professionals at its surgical skills training center in Atlanta.

GOLD LEVEL

DePuy Synthes

DePuy Synthes, the Orthopaedics Company of Johnson & Johnson, provides one of the most comprehensive orthopaedics portfolios in the world that helps heal and restore movement for the millions of patients we serve. DePuy Synthes solutions, in specialties including joint reconstruction, trauma, extremities, craniomaxillofacial, spinal surgery and sports medicine, in addition to the VELYS™ Digital Surgery portfolio, are designed to advance patient care while delivering clinical and economic value to health care systems worldwide. Building on our proud product innovation and legacy of industry firsts, we are reimagining the orthopaedic landscape with new advancements in medical technologies and digital surgery across the entire continuum of care to Keep People Moving today and tomorrow.

Guardian Brace

Guardian Brace provides a new technology line of rehabilitative knee and ankle braces

Horizon Therapeutics

Horizon is focused on researching, developing and commercializing medicines that address critical needs for people impacted by rare and rheumatic diseases. Our pipeline is purposeful: we apply scientific expertise and courage to bring clinically meaningful therapies to patients. We believe science and compassion must work together to transform lives.

Miach Orthopaedics

Miach Orthopaedics is leading a shift in the treatment of anterior cruciate ligament tears from reconstruction to restoration. The company's Bridge-Enhanced ACL Restoration (BEAR) Implant is the first medical technology to demonstrate with Level 1 clinical evidence that it enables the body to heal its own torn ACL. The BEAR Implant is indicated for a broad range of tear types and is implanted with an easy, bone-sparing technique.

Zimmer Biomet

Zimmer Biomet is a global medical technology leader with a comprehensive portfolio designed to maximize mobility and improve health. We seamlessly transform the patient experience through our innovative products and suite of integrated digital and robotic technologies that leverage data, data analytics and artificial intelligence. With 90+ years of trusted leadership and proven expertise, Zimmer Biomet is positioned to deliver the highest quality solutions to patients and providers. Our legacy continues to come to life today through our progressive culture of evolution and innovation.

2023 SPONSORS, continued

SILVER LEVEL

<u>3M</u>	3M focuses on providing better care through patient-centered science. From wound and skin care to solutions for BSI and SSI risk reduction, our team is ready to partner with you to help transform outcomes.	
<u>Acumed</u>	For more than 25 years, Acumed has been dedicated to developing fracture fixation solutions for the upper and lower extremities. Acumed champions a culture of innovation, constantly researching ways to create new products intended to ease the burden on orthopaedic surgeons and further improve the standard of patient care.	
<u>Automated HealthCare Solutions</u>	Automated HealthCare Solutions (AHCS) is the leading provider of technology-enabled dispensing solutions for physicians serving workers' compensation and auto injury patients at the point of care. AHCS' powerful, next generation software ezDispense, helps physicians manage in-office medication dispensing while simultaneously removing many of the traditional barriers associated with physician dispensing.	
<u>BAUERFEIND</u>	Bauerfeind is a leading global manufacturer of wearable medical devices. The company relies on combining an understanding of clinical needs with an unparalleled expertise in technology and manufacturing – accumulated over eight decades. Bauerfeind is about passion for quality and innovation. The result is patented, award-winning quality products and services that make a difference for patients and care givers globally. This is how Bauerfeind has established a position as a leader in the field of orthopedic supports and orthoses, compression stockings, and foot orthopedics.	
<u>Baxter</u>	Our mission is to serve our patients and we are committed to treating each of them promptly with integrity, honesty and compassion. Our reputation for best-in-class physical therapy, patient care and unparalleled customer service, combined with our local and regional density, make us the physical therapy clinic of choice for both patients and referral sources in Georgia and across the United States. We are part of the Upstream Rehabilitation family of clinical care, a network of industry-leading brands providing world-class physical and occupational therapy services across the US.	 
<u>Biocomposites</u>	At Biocomposites, we are distinct in that our team of specialists is singularly focused on the development of innovative calcium compounds for surgical use. Our innovative products are at the forefront of calcium technology and range from bone grafts to matrices that can be used in the presence of infection. We are proud to be driving improved outcomes across a wide range of clinical applications, in musculoskeletal infection, trauma, spine and sports injuries, for surgeons and patients alike.	
<u>ColdCo Therapies</u>	ColdCo Therapies provides patients with at home iceless cold therapy products, acoustic ultrasound, and other DME products. We hand deliver all of our products to increase patient compliance and safety.	
<u>Compulink Healthcare Solutions</u>	The leader in all-in-one EHR and Practice Management software designed for orthopaedic practices, Compulink saves time and improves practice performance. Compulink's Orthopaedic Advantage™ suite of solutions includes patient engagement, ASC software, PACS interface, PT/OT, inventory management (DME), analytics, and RCM.	
<u>Crosslink/Stryker</u>	Stryker is one of the world's leading medical technology companies and together with our customers, we are driven to make healthcare better. The Company offers a diverse array of innovative products and services in Orthopaedics, Medical and Surgical, and Neurotechnology and Spine, which help improve patient and hospital outcomes.	

2023 SPONSORS, continued

<u>EMG Solutions</u>	EMG Solutions is a physical therapy company specializing in clinical electrodiagnostic services (EMG/NCS). Our mission is to provide highest quality care electrodiagnostic testing for healthcare providers through constant professional development, adherence to published guidelines and timely, complete and accurate reports.	
<u>Endo Pharmaceuticals</u>	Endo Pharmaceuticals Inc., headquartered in Malvern, PA, develops and markets specialty branded pharmaceutical products. Endo Pharmaceuticals is an Endo company.	
<u>Ferring Pharmaceuticals</u>	Ferring Pharmaceuticals is a research-driven, specialty biopharmaceutical group committed to helping people around the world build families and live better lives. Ferring is a leader in reproductive medicine and maternal health, and in specialty areas within gastroenterology and orthopaedics.	
<u>Fidia Pharma</u> Kevin Boe, National Sales Director 201-400-5605	Fidia Pharma USA Inc. provides innovative products for orthopedic care. Our hyaluronan-based viscosupplements include HYALGAN®, the first HA approved in the US for osteoarthritis knee pain, HYMOVIS®, a 2-injection non-crosslinked hydrogel, and 3-injection TRILURON®. RichPlat Ortho™ delivers high-quality Platelet Rich Plasma with a closed-system kit. Visit fdiapharma.us to learn more.	
<u>Heraeus Medical</u>	With the turning of the decade, PALACOS® bone cement celebrates sixty years of being the gold standard in joint fixation. Heraeus Medical, the inventor and manufacturer of PALACOS® bone cements and mixing systems, continues to focus on providing quality, consistency, and innovation to the orthopedic joint fixation and infection management market. Used in over 35 million cases to date, all PALACOS® cements are manufactured in a single facility in Wehrheim, Germany and undergo 130 automated quality checks throughout production. Heraeus Medical USA is proud to be the exclusive distributor of the PALACOS® portfolio of high-quality cements, mixing systems, and preformed spacers.	
<u>HERON THERAPEUTICS</u>	Our mission is to improve the lives of patients by developing novel, best-in-class treatments to address some of the most important unmet patient needs. We aim to develop patient-focused solutions by applying our innovative science and technologies with well-known pharmacology.	
<u>Irrimax Corporation</u>	Irrimax Corporation is focused on preventing infections, reducing healthcare costs and improving patient outcomes.	
<u>Isto Biologics</u>	Isto Biologics is a 100% biologics-focused company dedicated to helping patients heal faster. With a portfolio comprised of the market leading autologous concentration device as well as a differentiated bone grafting portfolio that offers functional solutions to meet patient and procedural challenges, Isto is equipped to offer a range of customizable options to surgeons of varying specialties.	
<u>LifeLink Tissue Bank</u> and LifeLink, Range of Motion	LifeLink provides a complete range of tissue allografts: traditional, sports medicine, and LifeGraft® spinal allografts, all recovered and processed with the most stringent safety standards.	
<u>Medtronic Advanced Energy</u>	Medtronic Advanced Energy provides a range of advanced energy devices made explicitly for Orthopaedics, including electrosurgical generators, vessel sealing systems, precision dissection devices, and advanced bipolar devices. These products are designed to improve surgical outcomes, reduce complications, and enhance the overall efficiency of surgical procedures.	

2023 SPONSORS, continued

<u>Modernizing Medicine</u>	ModMed is transforming healthcare by placing doctors and patients at the center of care through an intelligent, specialty-specific cloud platform. Our all-in-one solution empowers medical practices to do their best work by providing them with clinical, financial and operational software solutions designed to enable better, more personalized patient care.	 ModMed MODERNIZING MEDICINE
<u>MY01</u>	MY01, Inc. aims to shift traumatic fracture care from reactive emergencies to planned procedures. By providing objective data from reliable, continuous monitoring, we can reduce physician disruption and aid in an earlier ACS diagnosis.	 MY01
<u>NextGen Healthcare</u>	NextGen Healthcare, Inc. (Nasdaq: NXGN) is a leading provider of innovative and award-winning healthcare technology solutions built for orthopedic practices. Our CURES-certified, highly integrated, and interoperable solutions go beyond EHR and Practice Management to increase clinical quality and productivity, enrich the patient experience and drive superior financial performance. Learn more at nextgen.com .	 nextgen healthcare
<u>Northside Hospital Cancer Institute</u>	<p>The Northside Hospital Cancer Institute (NHCI) Sarcoma Program offers comprehensive, multidisciplinary cancer care, sub-specialized clinical expertise and a personalized approach to cancer care. Our Program combines the expertise of an academic center with the touch only a community hospital can provide. We offer patients access to:</p> <ul style="list-style-type: none"> •Dedicated expertise in pathologic diagnosis of a variety of soft tissue tumors •Comprehensive state-of-the-art plastic and reconstructive surgery •Advanced forms of radiation therapy which minimize damage to normal surrounding tissues •Latest systemic therapies including individually targeted therapy and immunotherapy •Access to patient support programs including nurse navigation, support groups, behavioral health services and nutrition services. 	 NH NORTHSIDE HOSPITAL CANCER INSTITUTE BONE & SOFT TISSUE TUMOR PROGRAM
<u>Pacira Biosciences</u>	Pacira BioSciences, Inc. (Nasdaq: PCRX) is committed to providing non-opioid options to as many patients as possible to redefine the role of opioids as rescue therapy only. The company is also developing innovative interventions to address debilitating conditions involving the sympathetic nervous system, such as cardiac electrical storm, chronic pain, and spasticity. Pacira has three commercial-stage non-opioid options for treating pain: EXPAREL® (bupivacaine liposome injectable suspension), a long-acting, local analgesic currently approved for postsurgical pain management; ZILRETTA® (triamcinolone acetone extended-release injectable suspension), an extended-release, intra-articular, injection indicated for the management of osteoarthritis knee pain; and iovera®, a novel, handheld device for delivering immediate, long-acting, drug-free pain control using precise, controlled doses of cold temperature to a targeted nerve. To learn more about Pacira, including the corporate mission to reduce overreliance on opioids, visit www.pacira.com .	 PACIRA BIOSCIENCES, INC.
<u>Paragon28</u>	Exclusively foot and ankle	 Exclusively foot & ankle Paragon ²⁸
<u>ROMTech</u>	ROMTech®, the leader in advanced orthopedic rehab technology. Patients recovering from total knee replacement, total hip replacement, joint manipulations, ACL, and other arthroscopic repairs recover in half the time when doctors prescribe our medical devices. By enabling patients to complete therapy from the safety and privacy of their home, our patented telemedicine technology leads to faster outcomes, unparalleled pain management, and a faster return to quality of life.	 ROMTech The Modern Technology of Rehabilitation

2023 SPONSORS, continued

<u>Sanofi</u>	We are an innovative global healthcare company with one purpose: to chase the miracles of science to improve people's lives. SYNVISIC®/ Synvisc-One® is specifically designed to match the properties of healthy, young synovial fluid.	
<u>Scan.com</u>	Our portal seamlessly connects your practice with the imaging centers you trust in Georgia. It's free from admin and free to use, and you can get started in minutes. Schedule appointments at the point of care, get industry-leading diagnostic reports, and minimize no-shows.	
<u>Smith+Nephew</u>	Smith + Nephew has proudly supported healthcare professionals in their daily efforts to improve the lives of their patients for over 150 years.	
<u>Stryker</u>	Stryker is one of the world's leading medical technology companies and together with our customers, we are driven to make healthcare better. The Company offers a diverse array of innovative products and services in Orthopaedics, Medical and Surgical, and Neurotechnology and Spine, which help improve patient and hospital outcomes.	
<u>Team Post-Op</u>	Team Post Op (TPO) is a fully licensed and bonded National provider of Durable Medical Equipment, Medical Supplies, and Orthotics open since 2007, and headquartered in S. FLA. TPO is compliant, certified, and accredited by AHCA, BOC, and Medicare/Medicaid. We have a multi-lingual staff replete with service techs, orthotic fitters, and orthotists ready to accommodate patient needs. TPO is a certified "Woman Owned Company".	
<u>Team Rehabilitation</u>	Team Rehab is a network of therapist-owned outpatient physical therapy clinics in Michigan, Illinois, Indiana, Wisconsin and Georgia. Our mission is to provide the best outpatient physical therapy, occupational therapy and speech therapy. We want our patients to enjoy therapy and experience clear improvements in their health. Our clinics receive the highest levels of patient satisfaction and our patients receive the best objectively measurable outcomes.	
<u>Treace Medical Concepts</u>	Treace Medical Concepts, Inc. is a commercial-stage orthopaedic medical device company with the goal of advancing the standard of care for the surgical management of bunion deformities and related midfoot correction. Bunions are complex 3-dimensional deformities that originate from an unstable joint in the middle of the foot. Treace has pioneered and patented the Lapiplasty® 3D Bunion Correction™ system – a combination of instruments, implants, and surgical methods designed to correct all 3 planes of the bunion deformity and secure the unstable joint, addressing the root cause of the bunion and helping patients get back to their active lifestyles. Treace recently expanded its offering with the Adductoplasty® Midfoot Correction System, designed for reproducible correction of the midfoot which could provide further support to hallux valgus patients.	
<u>Truist Wealth</u>	Streamlined wealth management and medical practice solutions through dedicated planning, proactive advice, sophisticated financial solutions, and guidance.	
<u>Vericel</u>	Vericel develops, manufactures, and markets autologous cell-based therapies for patients with serious diseases and conditions. The company markets MACI® (autologous cultured chondrocytes on porcine collagen membrane), a third generation autologous cellularized scaffold product that is indicated for the repair of single or multiple symptomatic, full-thickness cartilage defects of the adult knee, with or without bone involvement	

2023 SPONSORS, continued

Cocktail Reception - Thursday Evening

[Miach Orthopaedics](#)

Miach Orthopaedics is leading a shift in the treatment of anterior cruciate ligament tears from reconstruction to restoration. The company's Bridge-Enhanced ACL Restoration (BEAR) Implant is the first medical technology to demonstrate with Level 1 clinical evidence that it enables the body to heal its own torn ACL. The BEAR Implant is indicated for a broad range of tear types and is implanted with an easy, bone-sparing technique.

Morning Break - Friday

[ModMed](#)

ModMed is transforming healthcare by placing doctors and patients at the center of care through an intelligent, specialty-specific cloud platform. Our all-in-one solution empowers medical practices to do their best work by providing them with clinical, financial and operational software solutions designed to enable better, more personalized patient care.

Cocktail Reception - Saturday Evening

[AccessPro Medical](#)

Our mission at Access Pro Medical is to be the single point of contact for "best-in-class" products and customer support for physician and healthcare professionals as they administer unsurpassed care.

Advantage SMART Practice[®]

Intelligent Workflow Automation. Total Practice Efficiency.

Document Faster or Our EHR is Free!

Do more with less staff! Streamline your workflow and improve profitability with orthopaedics' most complete and customizable software.
